

The Joe Beswick Sandstone Trail Challenge 11th May 2025

This year's challenge ran smoothly from start to finish thanks to all our fantastic marshals & volunteers. The event is dependent upon these people together with the Scouts and Guides who did a fantastic job as usual. As per last year, the warm and sunny conditions made the course very challenging for the participants. Even those who have completed the course several times before found it very tough. Of the 166 participants who started the event, 16 retired which, given the conditions, was relatively low.

Based on our experience last year with the availability of water for the participants, we increased the amount of water available at the checkpoints. We also had mobile emergency supplies out on the course. The feedback we've had so far is that this worked well and that we had sufficient water out on the course. Refreshments out on the course were generally well received particularly the ice pops at CP5! Everyone who arrived back at the Community Centre was very proud of their own personal achievement and very appreciative of the support they had received during the event. Steven Fernyhough and Katrina Corinaldi-Knott took the male and female open prizes respectively, with Alex Mee claiming the U18 award in a time of 9.28.47.

Thanks again to you all. There will be a new team organising the event next year but we will be there to support them and so we look forward to seeing you again on **Sunday 10th May 2026**.

Frodsham Panto Group - PETER PAN -

Frodsham Panto group are part of the FCA and put on a show every year at the start of January. This year the show will be Peter Pan which was previously performed by the group here in 1993.

A pre-audition workshop was held on the 1st June which over 30 children attended, learning songs, a dance routine and got to know the production team and each other. This helped calm nerves on audition days the following weekend. Over 50 people auditioned for the show which was amazing and there was so much talent. We would have loved to give everyone a part and it was so difficult to decide, but we did and ended up with a cast of 40 who will start rehearsals in September.

Well done to everyone that auditioned.
